PRODUCT INFORMATION

BLACK FINISH

Black door handles and fixtures instantly turns your door into something edgy, cool and dramatic. It's ideal when used as part of a monochrome decor scheme or as a statement against a brightly coloured interior. Lemaar black finish offers an extremely durable and high quality finish.

BRUSHED BRASS

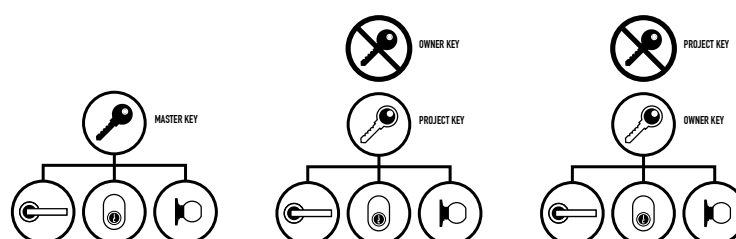

The rising popularity of brass door furniture ties into the dominating luxe trend that is set to be huge this year. Luxe is all about embracing that glamour and high quality and taking inspiration from decadent hotel interiors. Think soft velvet upholstery and metallic tones against statement furniture and ambient lighting. Brushed brass door furniture is the perfect finishing touch for a luxury space, offering a truly glamorous look which merge perfectly into this aesthetic.

EMERGENCY UNLOCK MECHANISM

Privacy handles have a turn snib or push pin locking mechanism, to unlock in the case of an emergency you can unlock from the external side. The lock is released by use of a flat screwdriver or pin to turn or push the centre section of the external handle side to unlock.

KEYING

With in-house keying facilities, Lemaar is able to provide keying systems such as project keying, master keying, maison keying as well as keyed alike.

OUR GUARANTEE

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. If the goods fail to be of acceptable quality and the failure does not amount to a major failure, you are also entitled to have the goods repaired or replaced.

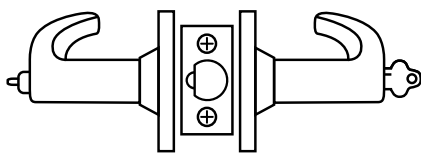

In addition to your rights and remedies under applicable laws, our products come with a warranty against defects in materials or workmanship appearing within:

- 12 years* from date of sale for internal use only;
- 10 years* from the date of sale for external or mixed internal and external use;
- 2 years* from the date of sale on the finish for all black products, does not apply to scratching and denting.

*Refer to lemaar.com.au for full guarantee details.

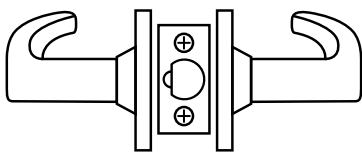

LOCK FUNCTIONS

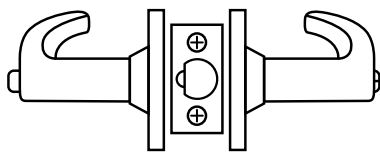

ENTRANCE SET / ANTI LOCKOUT

Key locks and unlocks outside lever.
Turn button locks and unlocks outside lever. Inside lever active at all times.
The outside lever will automatically unlock when the inside lever is operated.
Auxiliary bolt dead latches the latch when the latch enters the strike plate.

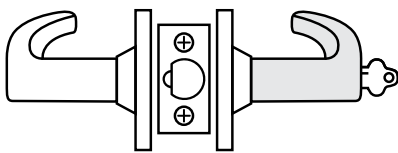

PASSAGE SET
